The Swedish Seamen's Service in Malmö is situated in the municipal sport facility *Kockum Fritid*, which vouches for a wide range of activities. Although it is quite far from the ports, it is only a ten-minute walk from the Ribersborg beach and its beautiful surroundings. We can provide a well-deserved and needed break from the stay onboard.

In *Frihamnen* (Free Harbour) we offer the cruise vessel crews free WiFi and a place to relax in - this is the *Seafarer's Drop-in Corner*.
