

# REGISTERING ADDITIONAL DEVICES

<https://406registration.com>

## BEFORE YOU BEGIN – REQUIRED INFORMATION

Login and password for your pre-existing IBRD account

Hex ID for your new device

Emergency contact information

## TASKS TO COMPLETE

Register your new beacon and provide emergency contact information

Add supplementary vehicle and activity information

Save your registration record and generate a certificate of registration

# STEP 1

Visit the IBRD website at  
<https://406registration.com>

A screenshot of a web browser showing the registration page for the International 406MHz Beacon Registration Database. The browser's address bar shows "staging.406registration-staging.com". The page has a dark blue header with the website's logo and navigation links: "HOME", "Beacon Registration Contacts", "Approved Beacon Models (TACs)", and "Help". A language dropdown menu is set to "English". The main content area is split into two columns. The left column is titled "Registering a beacon for the first time? Sign up for an account" and features an icon of a satellite. Below the icon, it says "To register a beacon in the IBRD, you must first create an IBRD profile account." There are two input fields: "Enter your Beacon Hex ID" (with a "Hex ID" label and a copy icon) and "Beacon checksum (optional)". A red "Create Account" button is at the bottom. The right column is titled "Already registered a beacon in the IBRD? Enter your credentials below to login" and features an icon of a radio tower. Below the icon, it says "Login to add a new beacon or update an existing IBRD account." There are two input fields: "Username" and "Password". A red "Login" button is at the bottom, along with a link for "Forgot your password?". A central "OR" separator is between the two columns. At the bottom of the page, there is a "Looking for help?" section with a link to "View all FAQ's" and four dark blue boxes containing common questions: "What is a Hex ID, and where can I find mine?", "How do I find my beacon type approval certificate (TAC) number?", "How can I determine the country code of my beacon?", and "How do I contact you if I have further questions?".

## STEP 2

Log in using your pre-existing login and password

Already registered a beacon in the IBRD?  
Enter your credentials below to login

Login to add a new beacon or update an existing IBRD account.

## STEP 3

Accept the site use disclaimer

### Important Notice:

You must agree to the following statements before entering or modifying any International Beacon Registration Database (IBRD) Registration Record.

Cospas-Sarsat is neither responsible nor liable for the accuracy of the data in the IBRD. The data provider is solely responsible for the accuracy of all the information entered into the IBRD.

Although the information provided will become a matter of public record, there is no intent to circulate the information furnished beyond its intended purpose, i.e., to assist SAR Services in carrying out their mission of search and rescue and false alert abatement and to the National Administration designated by the country code of the beacon.

Cospas-Sarsat will not be responsible for unauthorised access or unauthorised changes to IBRD registration data that may result from malicious activities. Cospas-Sarsat will, on a best effort basis, implement measures to protect the integrity of the data, however, Cospas-Sarsat does not guarantee that registration information will not be corrupted or lost.

Cospas-Sarsat accepts no liability for loss of life or property that may result from inaccurate or incomplete data.

# STEP 4

On the Dashboard page, click the red “Add Beacon +” button

The screenshot displays the 'Beacons' dashboard interface. At the top, there are two tabs: 'Beacons' (active) and 'Activities'. Below the tabs, the interface shows 'Total records: 1', 'Page: 1 of 1', 'Records per page 25', and an 'Export records' button. A red 'Add Beacon +' button is visible on the right, along with a 'Search & Filter' dropdown. A note indicates 'Click the Beacon Hex ID to edit'. The main content is a table with the following data:

	Beacon Hex ID	Type	Status	Vehicle	Beacon Owner	Last Edit Date	Aircraft 24 Bit Address (Decoded 24 Bit Address)	Beacon C-S Type Approval Number
	<a href="#">19AE134E1EFFBF</a>	PLB-Serial	Active		Demo User	2022/07/06		38

## STEP 5

Enter your Hex ID and re-enter it to confirm. You will then be prompted for Beacon Owner and Emergency Contact information, and the process will continue in the same manner as you will have experienced when registering the first device on your account.

## Beacon Registration

### Register a Beacon

Enter your Beacon Hex ID 

Beacon checksum (optional)

Beacon Type:

PLB-Serial

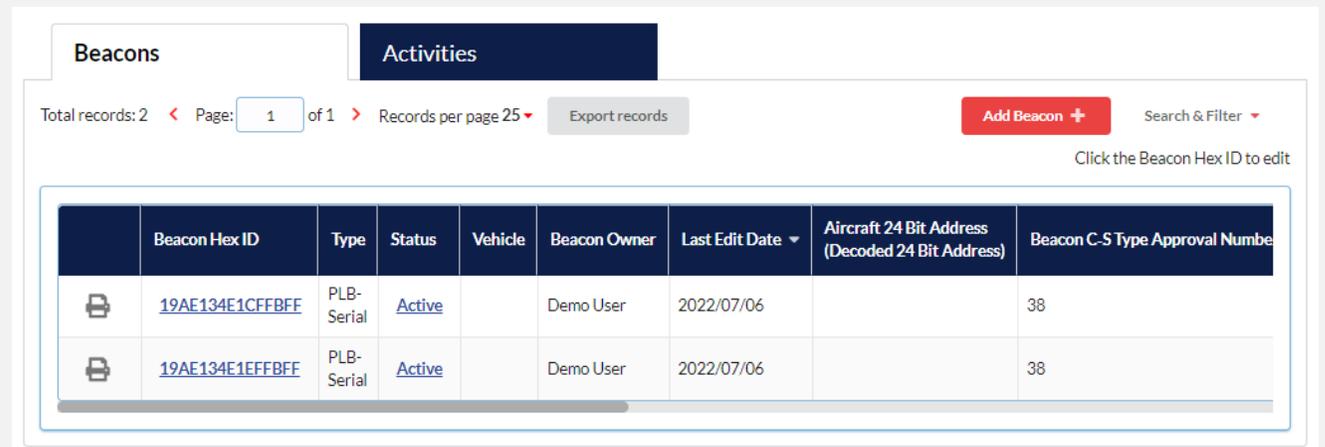

Country Code:

BELGIUM (205)

Register Beacon

# REGISTRATION COMPLETE!

Upon completion of the forms, click “Save” and select the option to “Return to Dashboard” where you will see your new registration record alongside any previous registration records that you have created.

The screenshot displays a web interface for managing beacons. At the top, there are two tabs: "Beacons" (selected) and "Activities". Below the tabs, the interface shows "Total records: 2", "Page: 1 of 1", "Records per page 25", and an "Export records" button. A red "Add Beacon +" button and a "Search & Filter" dropdown are also visible. A note says "Click the Beacon Hex ID to edit". The main content is a table with the following data:

	Beacon Hex ID	Type	Status	Vehicle	Beacon Owner	Last Edit Date	Aircraft 24 Bit Address (Decoded 24 Bit Address)	Beacon C-S Type Approval Number
	<a href="#">19AE134E1CFFBFF</a>	PLB-Serial	<a href="#">Active</a>		Demo User	2022/07/06		38
	<a href="#">19AE134E1EFFBFF</a>	PLB-Serial	<a href="#">Active</a>		Demo User	2022/07/06		38
